OUR county candidates are wide awake and hustling. They are doing good work and will all be elected by large majorities. The campaign has been peaceful and friendly and we hope will continue such. Better men for offices could not be secured than Jesse Gabriel for Treasurer, "Tobe" Barron for Commissioner, Marion Nutter for Infirmary Director and Dr. Tippic for Coroner. Vote for them and you will be gratified with their service in public office.

WHAT do the the Republicans of Hocking—the Square Deal Republicans—expect but that with Douglas' election John F. White the notorious will dole out the patronage in Hocking. White helped Douglas get his nomination, in fact he was one of his political creators. Will the child deny its political father. No. The subterfuge now being used to the contrary by Mr. Douglas is to only last until the polls close on the night of November 6th when Boss John will come into his own again most graceful and by the word of Albert Douglas, if the latter should be elected.

EDWIN D. RICKETTS is the Mark Hanna for Douglas in Hocking county. He is about the only Republican that has fervently taken up his cause. Any person who is favorable to Mr. Ricketts getting the Logan post-office or any other position in the gift of a congressman, may vote with safety for Douglas. Everybody has been silent as the grave on the struggle of Mr. Douglas until a few days ago, the untimely Edwin floated to the breeze the banner of Douglas, and said to the hesitating fellows, "Come on, I am not afraid to speak his name. Hurrah, for Douglas."

THE Hocking Republican, of Logan, certainly stirred up a hornets nest when they assailed Judge Wright in the term of a "Jinner of lodges." That editor forgot that all other persons that belong to lodges also "joined," and if they were there first, they voted for Judge Wright to be of excellent character else he could not have "joined." Lodges are not political organizations but they are a little touchy about their brothers being slurred because they belong to secret orders. Judge Wright has driven many miles through the snow, and traveled many miles by train, to recite the ritual of some lodge at the open grave of a brother, and the "boys" remember these things.

THE Lancaster congressional convention has gone down in political annals not only of the state but of the entire country as the most corrupt and unsavory in the history of political conventions in the country. The famous Highland house convention was a ray of sunlight compared with the proceedings of the Lancaster convention as manipulated by Boss White of Hocking, Bryson, Sayre and Foster, of Athens county triumvirate, and Bradbury and Lindsey of Meigs. Tammany hall never in its most unscrupulous moments dared filing a nominee in the face of the Tammany braves such as was done at Lancaster.

It is now recognized by the bosses that the people are alive to political rights. They are in the dumps. Lincoln's old maxim of fooling the people has reached its climax from present observations and the candidate of that notorious political theft will be defeated by the unbuyable and free voters of the Republic of the Eleventh district.

THE fact that the name of President Theodore Roosevelt is not on the Republican ticket this year will make a difference in the result in November. For proof of this it is only necessary to read the campaign literature sent out by Chairman Dick, and to listen to the speeches the Republican orators have delivered up to the present time. The steam in the boiler, the gasoline in the automobile, the gas in the balloon is Roosevelt. Without this force the machinery will not move at the proper speed. Just at present the wheels are revolving slowly and exerting no appreciable force. This is shown by the poor attendance at the political rallies in the country districts, and the light registration in the cities. The "common people" simply refuse to listen to the politicians. This should be highly flattering to the Chief Executive of the nation, but it is not at all likely that it has been presented to him by the Republican organization in this light.

HON. WILLIAM TAFT of Ohio is recognized as one of the greatest men of the country. That he hails from Ohio is a pardonable pride but that fact does not clear his skirts of hostility to organized labor. During the big A. R. U. strike of 1904 Hon. William was one of the United States Judges and as much used his injunction machine against the thousands of railroad men throughout the country. His blanket injunctions are well-known in Logan and the Hocking Valley railroad buildings were covered with them containing the names of some of our best citizens, virtually branding them as criminals. Now the Hon. Bill comes to Logan to beg for votes for his friend Albert Douglas, a rich man, and presumably one of the blanket injunction cubs. The miners of the valley well remember the injunctions posted at Nelsonville, Logan and other towns throughout the Valley in those perilous times. William Taft is an able man as has been proven in positions in which he has been placed recently, but labor no less has its rights which many union laboring men think have been trampled under foot in the guise of injunctions. Could a labor union get an injunction against a railroad or other company. No. A thousand times no.

THE DEMOCRATS of Hocking county must not overlook the fact that they will have the assistance of hundreds of Square Deal Republicans in their fight against Albert Douglas for congress. Douglas's adherents say that he bears an excellent reputation personally. However this may be the fact cannot be dispatched that he accept a nomination, at the Lancaster convention which is under grave suspicion. Boss White in Hocking county over rode the will of the people in selecting his delegates from his perpetuated committee as all fair minded voters of all parties know. White virtually selected the Lancaster congressional delegates himself under the cloak of his perpetuated committee, a political act which should damn him among fair minded men of all parties for all time. His committee has not been before the people for almost two years and in the face of overwhelming sentiment against such an act named the delegates to the Lancaster convention in the face of the protest of more than a majority of the Republican voters of Hocking county.

In Athens county if such act could be more flagrant, the notorious triumvirate strangled the will of the Republican voters against a candidate for congress from Athens county. One of the triumvirate being the prosecutor of the county, when any wavering was noticed threatened the central committee with a trip before the Athens county grand jury for some bygone trivial offense. Rather than face unenviable notoriety several central committee men obeyed the mandates of the unholy alliance of county political bosses with the result too well-known to the voters of the Eleventh congressional district.

BOSS WHITE and Albert Douglas in their dual role of attempting to pull the product of the sheep over the eyes of the so-called insurgents and followers of Messrs. Burton and Daughterty and the adherents of Chairman-Soldier-Senator Dick in Hocking county and the Eleventh congressional district are not meeting with the success anticipated. Douglas has been declaring from the stump and in private that Boss White will not control the federal patronage in Hocking county does not go far at present with the square deal Republicans and followers of President Roosevelt. Douglas during the past ten days, so serious has become the situation in this district, has been informing every known square deal Republican and anti-Boss White man that he, White, will be out of it if he, Douglas, is elected to congress. Juvenile politics. How does Mr. Douglas know the square deal Republicans with influence in Hocking county only through information from Boss White.

At the Dayton convention their plot was laid bare. Douglas was playing the Burton forces for support by holding out for them through that entire memorable fight. White was closeted with him during that factional fight during almost every hour of the day and night. That is Eleventh district political history and a fact which can not be denied. Douglas well knew that his creators Bryson, et al of Athens county, Boss White of Hocking and Lindsay and Bradbury of Meigs held the balance of the power in this district and threw his support to Dick and Foraker. One vote in the district meeting was all that was allowed to separate to Burton forces from victory. That was enough. During the past ten days Mr. Douglas has been on the convincing order in Hocking county and Logan. He is now strenuously denying John White, one of his political creators. All bosh. When Douglas addressed a handful of voters at the court house recently he was closeted with Boss White at his home and it is said came direct to the meeting after a conference with White.

The political acts of this bunch of political pirates has been too open during the past few months to be unseen by the common voter and independent Republican.

Upon the arrival of every train in Logan which bears Mr. Douglas, Boss White is present at the depot either on foot or in his carriage to escort the candidate to his hotel. This political twinning has not gone unnoticed in Logan. It is one of the signs of the future times when Boss White comes into political ascendancy if Douglas is elected.

Now is the time to kill off bossism in Hocking county by voting for a Hocking county man, Judge O. W. H. Wright for congress. See that your ballot reads "Wright."

WILLIAM JENNINGS BRYAN

The Next President of the United States, will speak in Lancaster, on Saturday next, at 8 o'clock.

A Family Affair.

Dr. J. T. Hansen, of Gallipolis, was chosen Superintendent of the Athens State Hospital for the Insane at a meeting of the trustees, Wednesday of last week. The Doctor is a nephew of Judge Bradbury. His appointment was secured by Roscoe J. Mauck, a trustee of the Athens State Hospital and another nephew of Judge Bradbury's. Hollis C. Johnson, another nephew or Judge Bradbury's is the Republican Candidate for Common Pleas Judge. One nephew, Dr. J. T. Hasen recently appointed Superintendent of Athens State Hospital, will draw a salary of \$2000. Roscoe J. Mauck another nephew of Judge Bradbury residing in Gallipolis, is holding the office of Trustee of the Athens State Hospital for Insane, while another nephew Hollis C. Johnson, of Gallipolis, is a candidate for Common Pleas Judge in this district and if elected will draw a salary of \$5080. One uncle and two nephews holding important offices with the third seeking an election to a very important office is not doing bad for the Bradbury family. Pass the office around and give some other man's nephew a chance. —McArthur Enquirer.

Democratic Principles

We want to keep standing before the people, the principles of the Democratic Party. The Democratic platform of this year reads as follows:

"The Democratic party cannot recede one step from the advanced moral ground upon which Governor Pattison placed it. Until that era of respect for law, its observance by our citizens and its full enforcement by our public servants comes, the spirit of John M. Pattison must dominate the Democracy of Ohio."

What did John M. Pattison stand for? In his inaugural address the following principles he laid down:

- 1st. The exaltation of the home and its interests above all things else.
- 2nd. The keeping of their oaths of office by officials in enforcement of the laws.
- 3rd. The observance of all laws by all good citizens until their amendment or repeal.
- 4th. This with especial reference to Sunday laws, especially including the Sunday closing of saloons.
- 5th. The enactment of improved temperance legislation, and particularly a county local option law.
